

virus

A microscopic image of three HIV virus particles. The particles are spherical with a bright orange-red outer shell and a dark, textured center. They are set against a blue background that transitions into a dark, almost black, top section where the title is located.

LUC MONTAGNIER

THE CO-DISCOVERER OF HIV
TRACKS ITS RAMPAGE AND CHARTS THE FUTURE

To John Scythes
en témoignage de mon
admiration pour sa
persistance dans des idées
très proches de celles
exprimées dans ce livre

A stylized handwritten signature in dark ink, consisting of several fluid, connected strokes.
